

Fund switch request

Notes to help you

Please use black ink and write in CAPITAL LETTERS or tick as appropriate. Any corrections must be initialled. Please do not use correction fluid as this will invalidate your request.

This form enables you to request a fund switch for International Prudence Bond including the capital redemption option.

- a) You are not permitted to switch between our PAC With-Profits Funds.
- b) The Company will not accept investment instructions which would result in the bond being linked to more than 10 unit linked funds, more than one PAC With-Profits Fund, more than one PruFund Growth Fund, more than one PruFund Cautious Fund or more than one PruFund Protected Fund.
- c) The Company may make a charge for switching an existing investment. This will normally apply if you request more than the number of free switches allowed in each bond year. Please refer to your Key Features document and Statement of Charges for more information.
- d) Where you have a group of policies for your bond any transactions will be dealt with on a basis which keeps the policies identical throughout.

Please note:

PruFund Range of Funds

Warning: Any switches out of a PruFund Protected Fund will erode the Guaranteed Minimum Fund. You cannot switch into a PruFund Protected Fund, except as explained below.

If you hold the PruFund Protected Growth Fund in a bond issued before 06/11/09, with a rolling guarantee, you may switch into it, but only at a Guarantee Rollover Date and only into the fund you hold. If you switch fully out of the fund a PruFund Protected Growth Fund you will not be able to switch back in at a later date.

Switches out of the PruFund Range of Funds will generally be subject to a 28-day delay. Switches into these funds will normally go through the appropriate PruFund Account.

You cannot generally change a request to switch into or out of one of the PruFund Range of Funds.

You may only make one switch in or out of a fund in the PruFund Range between Quarter Dates.

As explained in the note below, switches out of the PruFund Range of Funds may be subject to a 28 day-delay. For combinations of switches involving a fund in the PruFund range and any other fund, this may mean the transaction is done in more than one stage. Please refer to your Contract Conditions for full details.

PAC With-Profits Funds

If you ask to switch out of a PAC With-Profits Fund, the value that we use to allocate the replacement units will be adjusted in the following order:

- adding any final bonus that the units to be cancelled are eligible for,
- deducting a Market Value Reduction, if applicable, and
- deducting the fund switch charge, if applicable.
