PruFund Range of Funds: Annual Management Charge = 1.2% p.a. by unit deduction, monthly in arrears.  For other funds the Annual Management Charge depends on the funds selected. Other Fund costs	There are other costs which aren't covered by the Annual Management Charge. These can include for example, maintenance costs for property investments and costs associated with investing in infrastructure, such as utilities, transport and renewable energy. These can vary over time. The current level of these costs are shown within the Statement of Charges, and are included in the Other Ongoing Costs in the fund IOD.	<ul> <li>Product KID and relevant Fund IOD</li> <li>Statement of Charges</li> </ul>
Transaction Costs and Performance Fees	These are expenses which are taken from the fund and have the impact of lowering the investment return.  When a fund manager trades the investments in a fund (for example, makes a decision to sell one holding and buy another) there are associated costs, for example taxes.  In some funds the fund managers are paid a fee depending on how they perform.	Product KID     and relevant     Fund IOD
