## How does this product meet your client's objectives and needs?

Preservation of capital		Capital Guarantees are not available on this product.
Growth		The available funds offer the opportunity for capital growth. But if the amount of money your client withdraws, added to the charges from the product are greater than the amount of growth, this will reduce the value of the investment.
Income		Clients can take up to 5% of the initial investment and any additional investments as a tax-deferred withdrawal each tax year.
Time Horizon		The recommended investment period is 10 years or more. Whilst the appropriate holding period for each individual client will be determined by their personal investment objectives, the term should be sufficient to recover from short term volatility in investment markets. Some investment options may have restrictions or penalties on making withdrawals, moving money between investments or cashing in all or part of the product.
Maturity date		If the Life Assured option is chosen then as a whole of life product there is no fixed maturity date. If the Capital Redemption Option is chosen then the product will mature 99 years from the date it starts.

## How do your clients invest in this product?

Execution Only		This product shouldn't be sold on an Execution Only basis.
Non-Advised		This product shouldn't be sold on a Non-Advised basis.
Advised		This product is available on an Advised basis.
