

Want an easy way to manage your pension online?

One of the great advantages of your Premier Group Pension is that you can keep track of your benefits online.

Our on-line service allows you to obtain fund valuations, fund projections, request fund switches and change your personal details.

You can access a demonstration of the service and also register online. Once you have received your password, you can view and manage your benefits in your own time.

“Here’s how to get started, it’s easy”
